

SPECIAL DEAL. ANTARCTICA

12 days from \$11,998 January 16, 2023, sailing. This special includes international airfares!

Such a great price for this amazing opportunity to cross Antarctica off my bucket list I'm doing this cruise! So come along and enjoy this this fascinating land with me. An amazing opportunity at an amazing price!

The focus of this expedition is on exploring the icy wilderness of Antarctica during its summer season, seeing its stunning landscapes and meeting some of its heart-warming wildlife.

Buenos Aires, Ushuaia and the Drake Passage

After a night in sensuous Buenos Aires, you'll fly to Ushuaia to embark on hybrid-powered MS Fridtjof Nansen. We then sail south and cross the Drake Passage to Antarctica. In this part of the world, sea ice, wind, waves and weather conditions are hard to predict. That's why we adjust to the elements and modify our plans as we go, to give you the best possible experience for the conditions at the time.

A different world

The icescapes and wildlife of Antarctica change with the seasons. Late spring in October and November means more snow and pristine landscapes, though whales are relatively rare. Penguins court and nest these months, with the eggs hatching into cute bundles of feathers by December and January. February and March are the peak of whale-watching opportunities when large amounts of krill lure them to the area. Whichever period you visit, the Expedition Team will be your living, breathing encyclopaedias, sharing their extensive knowledge about the history, wildlife and science of the area. You can join them in included and optional activities to really discover the secrets and magic of the frozen continent.

Expedition Cruise

- Expedition cruise in a cabin of your choice
 - Breakfast, lunch and dinner including beverages (house beer and wine, sodas, and mineral water) in restaurants Aune and Fredheim
